

DEFI DETECTIVE

Safest place for investors
to look up new and active
DEFI projects

*Stop wasting time
let us find real projects
for you*

ABOUT US

Defidetector.app is a safe place for investors and owners of Defi Projects to look for projects and opportunities in the crypto space. Our listing includes projects like Dapp, Miners, Tokens which are audited and verified. Our internal dev team will check and guarantee for each single project listed.

SERVICES

BANNER ADS

Basic banner - will show up in homepage of Dapp / Token page.

Premium floating banner ads is a full width banner displayed in every page

INFLUENCERS

We hold a separate page for trusted influencers in YouTube, telegram and others where you can promote your projects with them

PARTNERSHIPS

We will do partnership with Trusted Audit teams, KYC service team, Ventures & big community groups so that our clients can get safe services for their projects by top teams

PROMOTED SPOTS

Your project listed in the promoted section of Dapp / Token on Golden yellow colour (Level 2). These are the most prominent places for projects to get more attraction

DEVELOPMENT & MARKETING

We help in developing any type of Dapp, Miner, Token or NFT contracts in any chain & also will help in A to Z marketing and managing the project.

DEFI BADGE + CERTIFICATE

We will do a special & quick check on your contract by our developers then will provide a Defi badge next to your website on our site & a certificate. If you also bought promoted spot, you will be listed in golden yellow with blue BG (level 1)
